

# ~List of Speakers~ for WI groups

## Emma Lewis – Mum of 7, Motivational Speaker, Women's Life Coach & Writer

My name is Emma Lewis from the country town of Ballynahinch, and I am beginning my journey as a voluntary motivational life coach, specifically for women and mums. I am a busy mum of 7 young children and love to inspire women to be the best that they can be.

I began to take the route of motivational speaking after starting an Instagram blog about my life as a busy mum with the 7 children. I was so surprised to be inundated by mums in particular who showed such an interest in my life with the children and were fascinated watching how our family dynamic works in such a crazy household. I receive so many private messages asking for tips on getting time to work out, party planning, for my recipes and 'mum hacks' - to name a few. And in general life, when I am out and about with the children, strangers always stop me to ask what life is like with so many to look after.

With 7 young children under 12, a Shetland pony, 2 goats and 3 dogs, I, like everyone, know that the juggle and struggle of daily life as a mum is real, but I love women to live life with intention. I am such a believer in self-care, setting non-negotiable habits, living life on purpose and practice this in my daily life. I truly believe I can help women just like me reach their potential and feel aligned and well and use their time intentionally.

After becoming a mum, I felt disillusioned with the narrative I was constantly fed on social media, that I should feel exhausted, irrelevant, past it, down, that it was an achievement to simply 'survive' another day of parenting. Instead, I chose to rewrite this narrative for myself and begin to hold myself accountable for my life, my time, my decisions and ultimately started to feel empowered. To thrive, not just survive.

So now, I love to workout (I share my workouts on my Instagram account), to bake, to sea swim, I love make-up, fashion, and I am a wife, a mum a friend, a member of the PTA and a trained hypnobirthing coach. We all wear so many hats, but I aim to look after my physical and mental health, all the while avoiding burnout. I encourage women to invest in themselves. We are so used to 'showing up' for everyone else but we need to "show up" for ourselves as women.

**My Instagram is: @sevenlittlelewiskids**  
**[www.instagram.com/sevenlittlelewiskids](http://www.instagram.com/sevenlittlelewiskids)**

...Check it out, if you want to see my daily life and all that it entails with the kids and the pony!

My dream is to speak at women's events, free of charge, purely to help women be all that they can be and feel empowered. I would love to hear from you.

**Alison Coyle (Ballyblack WI) – Hon. Secretary of Ards Talking Newspapers, Sound Around Ards (SAA)**

I am the Secretary for *Sound Around Ards* and I would like to promote the work that we do locally - delivering news and information in audio form to visually impaired people. If any WI groups in/around the Ards Peninsula Area are looking for a speaker for the incoming season, I would be more than happy to talk about Talking Newspapers! My colleagues from Talking Newspapers across the province are also available to visit other WIs. There are 11 branches across Northern Ireland and representatives would be more than happy to talk to WI groups. Simply drop me a message.

Ballyblack WI has been associated with the local branch of Talking Newspapers NI for over 30 years and now provides four teams of readers for *Sound Around Ards* (SAA). Each week a team of people get together on a Thursday to purchase the local papers and then decide which stories would be of interest to our listeners for a 60-minute audio recording. The 'news' section of the CD lasts around 40 minutes and then we do a 'magazine' slot for the remaining 20 minutes - this centres around lighter articles, quizzes and topical things that are happening in the local community.

Our listeners tell us that they feel they get to know us as friends and it is a great source of comfort to some people, as we may be the only voice that they hear that day. On Thursday evening, the CD is recorded and then posted out to the listeners that night, free of charge. This means that most people receive their discs by Friday or Saturday at the latest, so the news is fresh.

After the listener has finished with the CD they just bin the actual disc, reverse the return label on the plastic wallet and put it back in the post to us via any postbox.

*During Volunteers Week, the Ballyblack WI volunteers were recognized for their hard work and commitment to SAA and presented with certificates.*

**Marie Therese Rogers-Moloney, author of 'For The Sins Of My Mother'**

*"Over twenty years ago, I put pen to paper and went on a journey of discovery; and now I am able to take you the reader on that journey..."*

... A hotel owner from Donegal gives birth to a baby girl. The infant is placed for adoption from an orphanage in Belfast, with a family in Co. Down. Fourteen months later, the baby was removed from the family without a reason and put back into the orphanage. Seventeen years later, the young, shy, withdrawn woman was left to survive in the harsh realities of the outside world. Visited by a solicitor who tells her about her mother, despite being told as a child she had no mother, Marie Therese suffers a breakdown. Years later, she decides to go in search of her roots and identity. But you the reader can form your own opinion as you travel through those years with her...

**Marie Therese is very keen to discuss her life story and give talks about her memoir and to WI groups - and she can travel to any area across the province.**

***Please contact her on:***

***Mobile: 07921 839 970***

***Landline: 028 90 812 810***

***Email: rogersmoloney@gmail.com***

Marie Therese told us, *"I am the author of the book 'For The Sins Of My Mother'. Since its publication, I have been invited to speak at U3A groups, Probus clubs, various men and women's groups, libraries, Queen's University and the Belfast Book Festival. My book is now on display at the Ulster Museum in Belfast. I have already been guest speaker at several of your WI groups and I would love to be invited to more of your organization to continue my talks."*

***'In the midst of turmoil, Marie Therese strives to take control of her life, educating herself and gaining the confidence to establish a nursing career. Her story is about the resilience of the human spirit and the need we all have to discover who we really are.'***

***'An honest and gripping account of a remarkable life story. An Inspiring lady.'***

## **WRDA - Women's Resource & Development Agency - Breast, Cervical & Bowel Screening**

At the WRDA, we have a contract with the **Public Health Agency** to deliver **Breast, Cervical and Bowel Screening Awareness Programmes** across Northern Ireland. We have worked with a wide variety of groups across the province to deliver these programmes, including Community Centres, women's groups and men's groups, volunteers, etc. We work in an engaging way with each group, with lots of resources to help in the delivery of the programme. As well as the Breast, Cervical and Bowel Screening Awareness Programmes, we can also offer stand-alone sessions.

All sessions are very participative, using practical resources – such as breast models, where participants will be able to feel what a lump might feel like – and breast beads, which show the size a lump can grow to when a woman does not check her breasts regularly, in contrast to very small lump that would be picked up by a mammogram. Because the women attending the sessions can be of a wide range of ages, we talk about both self-examination and mammograms, as well as smear tests and the FOB kit (for bowel screening). We also cover the reality of women's/parent's lives with competing demands on time and the importance in prioritising women's own health. Although the training gets across a very important message, the facilitators ensure the sessions are fun and understand that many of the women coming along have had negative experiences of education.

**Mollie Simpson – Sweetpea Reflexology**

Hi, I am Mollie Simpson and I own *Sweetpea Reflexology*, based in Bangor.

I am a fully qualified and insured reflexologist. In addition to foot reflexology, I am qualified in facial reflexology, zone face lift, Indian head massage and baby reflexology. I am also qualified to teach baby reflexology to parents. In addition to the above, I am an approved reflexology practitioner in cancer care.

*I can provide a comprehensive talk on reflexology, which would consist of the following...*

- the origins of reflexology and how it works
- different types of reflexology
- the benefits of reflexology for various health conditions, such as:
  - menopause
  - stress and anxiety
  - improving sleep patterns
  - dealing with the side effects of cancer treatments

My presentation would include a raffle (based on a number of leaflets that I would give out) for a gift voucher for a free 30-minute treatment. I am happy to travel to any of the WI groups in (and around) Bangor and the Ards Peninsula Area.

**\*For more information, please email: [sweetpeareflexology@hotmail.com](mailto:sweetpeareflexology@hotmail.com)**

**Norma Beggs – Artist’s Demonstration**

I am a facilitating and exhibiting artist that can provide an artist’s talk to WI groups. I specialise in bespoke reminiscence and craft workshops for adult groups, including demonstrations of photo textile work linked to memories (lampshade making, wall hangings, cushions, etc.) and also ‘stitch in time’ and ‘fun with fabric’ classes – suitable for those who wish to rediscover their sewing skills. Having given an artist's talk to several groups, I am following up on feedback to reach out to more WI Institutes! I look forward to hearing from you and hopefully discussing what I offer in more detail. (I’m based in Randalstown and usually try to keep within 20-25 mile radius for one-offs. However, I’m looking to relocate closer to the coast.)

***Discover the women who shaped who you are today!***

Women have played a significant role in our family histories through their roles as mothers, caregivers, educators, community builders, activists and more. They have passed down oral histories and shared folklore, cultural practices and recipes, ensuring that their heritage would continue. Women have worked on farms, in households and in a variety of industries, providing financial support and stability to their families. They have been at the forefront at times of great social change; consider the women who took over important work during the war or the Suffragettes who fought for the right of women to vote.

Exploring your family history can give you fascinating insights into the lives of the women in your past - but how do you begin? Start by writing down what you know, firstly about yourself and then about your immediate family. Talk to your relatives, particularly those that are older. Many will be only too pleased to share their memories of times and people from the past. Make sure you record all the details you find. Once you have learned the name of an ancestor who would have been alive in the early 1900s, you can explore online records. We are fortunate in Ireland to have free access to records that can help us to trace our family lines back to the mid-1800s or before. Start by trying to find your ancestor in the 1901 or 1911 census [www.census.nationalarchives.ie](http://www.census.nationalarchives.ie). The details you find here will show you who was living in the household with their ages and county of birth. You can also find civil and church records of birth, death and marriage registrations. Our volunteers will show you how.

Birth registrations give the name of the father and also the maiden name of the mother of the newborn. This provides the details you need to find the parent's marriage. Pay attention to the witnesses of any event - they too could be family members. A female witness with an unfamiliar name could be the married sister of the bride or groom. You are now on your way to discovering the stories of your ancestors and the women who did so much to influence your life today. The North of Ireland Family History Society Research Centre in Newtownabbey is packed with a wealth of books, records and documents, many of which are not found elsewhere. The Society also has 10 branches throughout the North of Ireland, offering guidance and expertise to anyone researching their ancestors in the counties of Ulster. Each branch hosts monthly meetings for its members with interesting and knowledgeable speakers and the Society runs regular courses to help you with your genealogical and DNA research.

You can see details of all our activities and how to join us on our website at: [www.nifhs.org](http://www.nifhs.org)

**Carol Kravetz – Author**

Carol is a local author (based in Comber), who has had 6 novels published. A lady who has realized her lifelong dream - and is keen to speak at WI meetings about her work! Carol is glad to appear (at no charge) in order to help inform others of what is involved in writing, publishing and promoting a novel.

Carol was born in Newtownards, raised in Dundonald, and currently lives in Comber. She is in her 60s and works with the Education Authority in the Special Needs section. Her books are based on the professional and personal adventures of 2 PSNI policewomen who are transferred from Belfast, Northern Ireland to Bathville, Massachusetts to join a special detective squad there.

Carol has spoken at the Ballyhackamore, Bangor, Newtownards, Dundonald, Hollywood and Comber libraries. She was the feature author at World Book Night at the Ballyhackamore Library. Feature articles about Carol have appeared in The Belfast Telegraph, and The Newtownards Chronicle and County Down Observer. She has also had interviews on several online sites, including Brook Cottage Books, Facebook, Amazon Author Insights, and Authors Cross Promotion.

**For more information, or to arrange a talk, please contact Carol's husband, Mark Kravetz, by telephone on: 07506 207 539**

**Janice Witherspoon – Storyteller / Tour Guide**

My name is Janice Witherspoon and I am a professional storyteller, recently returned to Northern Ireland after living in England for some years and now living in Glenarm, Co. Antrim. I perform to all sorts of groups and am starting to grow my storytelling here in Northern Ireland. I have previously visited Gleno WI and have also told stories at WI meetings in Sussex where I lived. I share a mix of traditional, true life and historical tales. I am passionate about nature and the earth and love telling stories outdoors in natural settings, as well as indoors by a cosy fire! After getting the booking from the Gleno WI ladies, I was wondering about the possibility of speaking at other WI groups, who might also be interested in having storytelling as part of their programme.

If interested, you can find out more about me from my website: **[www.janicewitherspoon.com](http://www.janicewitherspoon.com)**

Or contact me via mobile on: **07824 721 796**

**Guide Dogs Speaker – Presentations by Christine Gordon, accompanied by her canine companion!**

As a volunteer Puppy Raiser for Guide Dogs, I give talks to a variety of groups - on the organisation itself and on how we raise the pups to be future life-changers. Talks can be about Guide Dogs in general, or puppy walking in particular.

Although based in North Down, I am prepared to travel more widely with my dog if I can. Whilst there is no fee, donations are always welcome.

(I know some WI members will have followed my account of Presley and Kim - pups in training - in past editions of the *Ulster Countrywoman* magazine!)

For more information, please contact Christine Gordon via email: [chrisjgord@yahoo.co.uk](mailto:chrisjgord@yahoo.co.uk)

**Jane Fox, Carryduff WI – Feltmaker**

Jane is a talented feltmaker who enjoys both needle felting and wet felting. The photos here show some samples of her work. These pieces were made with sheep's wool, silk, warm water, soap, a barbed needle - and a good bit of elbow grease! Jane is a WI member in Carryduff and also a member of a feltmaking guild called Feltmakers North, based in Hillsborough.

*Jane commented, "I am always happy to talk about wool and feltmaking and would be keen to demonstrate to WI groups. I have been building a library of samples from different techniques and have a selection of different wool types. I like to buy raw wool and scour it myself to use, so I am familiar with the whole process, from sheep to finished product. I am currently working on getting set up to do some beginner workshops in feltmaking."*

**Lorna Quin – Author**

**Co. Armagh woman Lorna has put together a book of personal stories of 'ordinary' people living in Northern Ireland during World War Two. Lorna, a retired primary school teacher from Tandragee, believes it is vital to not let these stories slip away.**

Hi, my name is Lorna Quin. I have interviewed people who grew up during the years of the Second World War and produced two books collating my interviews. The books are called 'Yes! We Have No Bananas' and they are illustrated with personal and archive photographs. I am trying to raise money for Research into Parkinson's Disease and all profits from book sales and talks are given to this cause.

I have spoken at Loughgall WI and would be very willing to speak at other meetings in the **Armagh, Banbridge, Portadown, Tandragee, Dungannon, Aughnacloy and Lurgan** areas, telling the ladies how and why I came to write my book.

**Kirsty Mark - Supporter Relations Officer for Dogs Trust Ballymena Rehoming Centre**

Hi, my name is Kirsty and I am the Supporter Relations Officer for Dogs Trust Ballymena Rehoming Centre. **I offer free talks to community and social groups across your area.**

*So - who are we, what do we do and what does the future hold?*

Well, I won't go into too much detail now (I'll save that for the presentation!). However, in simple terms, we love and care for around 15,000 dogs every year at our network of rehoming centres and we never put down a healthy dog. Aside from providing a rehoming service for the dogs that come to us, we also run various other projects, campaigns and services, like the *Canine Care Card Service*. This is a free service, whereby, in the event of the owner's death, we will look after their dog, providing them with all the care they need until we can find a responsible, loving new home for them. This is often of great concern to the elderly, as their dog may be their only friend and companion – Dogs Trust can give them peace of mind, knowing that their canine companion's future is safe, should the worst happen to them.

Tours of the Ballymena Rehoming Centre can also be arranged. This is a quick 'behind the scenes' into the wonderful work we do!

Should you wish to arrange a group talk at your Institute, or if you have any questions at all about Dogs Trust, then please feel free to contact me directly on **07436 162 209** or email **[kirsty.mark@dogtrust.org.uk](mailto:kirsty.mark@dogtrust.org.uk)**

### **Sarah Jarden (Flax Spinner) – A Fascinating Look at the Art of Flax Spinning**

Sarah is keen to talk to WI groups about the art and history of flax spinning! She will initially take the audience through each stage of the flax growing process, from planting to harvesting by hand, to drying the flax and preparing it for spinning – and that is where the fun really begins! Sarah will give a creative and hands-on flax spinning demonstration to showcase this traditional craft.

Sarah's demo will also include an informative PowerPoint presentation, depicting flax spinning through the years, with historical imagery of woman spinning from as far back as 1140 AD!

## Mary Ann McCracken Talks & Walking Tour

### Private Talks

**The Life & Times of Mary Ann McCracken (1770-1866)** This talk introduces Mary Ann McCracken, a woman who was so much more than simply the sister of Henry Joy McCracken, the United Irishman who was executed for his role in the 1798 rebellion. Born over 250 years ago, Mary Ann was an abolitionist, educator, advocate for women's rights, philanthropist and social reformer. This talk will outline the 'indefatigable' Miss McCracken's 96 years in Belfast, and the 'precious legacy' that she has left her native city.

**HERstory: The Women of Clifton House:** Since its creation in 1752, women have played an integral role in the development of Belfast Charitable Society and the Poorhouse/Clifton House. From its first financial supporters to the women who run Belfast's oldest charity today, this talk will acknowledge and celebrate the many contributions women have made to Clifton House over the past 250 years.

**The Stories We Tell Ourselves: Reframing Mary Ann McCracken & Thomas Russell:** Mary Ann McCracken, the sister who wept at her brother's scaffold and was Thomas Russell's unrequited lover. Or was she?

It's often the case that the writing of history tells us more about the author than the period under investigation. Applying this lens to Mary Ann and Thomas, we'll see how the 'unrequited lover' trope does – and does not – fit into their story. We'll conclude by making Mary Ann the main character of her own story, and seeing what stories this reframing allows us to tell.

**Stories Set In Stone? The Revolutionary Afterlives of Mary Ann McCracken and Winifred Carney:** In 2024, statues honouring Mary Ann McCracken and Winifred Carney are set to be installed on the grounds of Belfast City Hall. To many, the stories of these women remain unknown, or are simply narrated via their relationship to men: for Mary Ann, she is the sister who wept at her brother Henry Joy's scaffold in 1798. For Winifred, she is simply the secretary who supported James Connolly during the Easter Rising in 1916. Both women, however, were far more than this.

In this talk, we will explore Mary Ann and Winifred's lives after 1798 and 1916, respectively. In doing so, we will reveal women who made tremendous contributions to Ireland in terms of political thought and women's equality. Audiences will leave with an appreciation of both women's stories, and the ways in which our history is impoverished when women are not made the main characters of their own stories.

### Walking Tour

**The Hero of Belfast: Mary Ann McCracken Walking Tour:** Experience Mary Ann McCracken's Belfast, as you walk in the footsteps of this remarkable abolitionist, philanthropist and social reformer. Mary Ann McCracken, who was born over 250 years ago, is intrinsically linked to the city of Belfast. She lived her fearless life championing causes, moving from place to place, always on a mission to make life better for those less fortunate than herself.

Hear too about her more radical nature. Her role in the work of the United Irishmen, the 1798 rebellion and beyond. How she was devoted to her older brother Henry Joy – hanged for his leading role in the rebellion.

This walking tour takes in the locations linked to her life, her endeavours and that of her family. You will be led by an experienced guide through the same streets she walked over 200 years before. This new walking tour starts at Clifton House, where Mary Ann's thirst for philanthropic causes first began, and where her impact can still be seen today, and finishes near Belfast City Hall. The tour lasts approximately 2 ½ hours and includes a complimentary tea and coffee break.

***Karen Moore - Home Instead (Down and Lisburn) – Caregiving & Health Talks for WI Groups***

We are an employer looking to build a relationship with people from our local community. We would like to give a better understanding of what we provide and a little more information about us as a provider. Currently we provide support to anyone over the age of 18 years, our eldest client is the grand age of 106. We provide care for people that wish to stay in their own homes rather than going into a care home environment. We support our clients that are needing companionship, dementia support, household tasks and personal care.

**We are reaching out to WI groups, offering health/care talks on subjects such as ‘Nutrition’ or ‘How to support a loved one with Dementia’.**

**Christine Williams - Grandma's Spoons**

Hi, my name is Christine – and I turn solid silver cutlery into jewellery and sell under the name '**Grandma's Spoons**'! I am an experienced public speaker and have been a guest speaker at the WI's Christmas Event in the Crowne Plaza Hotel, Belfast. I have also spoken at WI meetings in Broughshane, Gleno, Cullybackey and Desertcreat.

I live in Ballycastle so in the dark evenings of winter, I prefer not to travel too far. If you imagine a line across the top of Lough Neagh from Strabane to Newtownabbey, that would be my limit for winter talks. However, in the lighter evenings of May - September, I can be tempted further afield! I give a talk of about 30 minutes on what I do and why, silver in general, hallmarks and anything else that seems relevant!

**Clive Scoular – Author / Irish Historian / Speaker / Book Sleuth – History Talks to WI Groups!**

My name is Clive Scoular and I am an Irish historian and author and I continue to give talks about many people and topics from Ireland's history. During the past 20 years or so I have had the pleasure of giving talks to 35 different WI branches all over Northern Ireland and recently I recently visited groups in Downpatrick, Portaferry and Knock.

My website is: **[www.clivescoular.com](http://www.clivescoular.com)**

I am particularly interested in the contributions which Irish women have made and who have been forgotten. In many of my books I have told their stories and I know that my readers have been fascinated with their stories.

I would be happy to speak to any of you if you wish to have more information. My home telephone number is **028 4482 8428** - feel free to give me a ring.

You can also contact me via email: **[clive.scoular@gmail.com](mailto:clive.scoular@gmail.com)**

A long list of possible presentation topics is downloadable in PDF format at the following link:  
**[www.clivescoular.com/speaker](http://www.clivescoular.com/speaker)**

(If the subject you'd like to hear about isn't listed please do contact Clive for a chat as he still may be able to meet your needs.)

**Kim Hamilton – Rosie's Trust Volunteer**

My name is Kim Hamilton and I am a volunteer for the charity Rosie's Trust. Rosie's Trust is a unique charity that keeps people and their pets together by working alongside elderly, terminally ill people helping them to look after their dog or cat. This includes dog walking, trips to the vet and when appropriate help with vets bills amongst many other things. We are based in Bangor but work throughout Northern Ireland.

I would love to give 30 minute illustrated PowerPoint presentations about the charity to WI groups across the province.

You can contact me via telephone: **07788 260 659**  
or drop me an email: **hamiltonkim03@gmail.com**

You can also visit the official Rosie's Trust website to find out more about the charity:

**Caroline McCoubrey – Open House Festival**

***Subject: Seaside Revival (Open House Festival, Bangor)***

Seaside Revival is partnership project funded by the National Lottery Heritage Fund. It is an annual vintage festival celebrating Bangor's past as a thriving seaside town. Through this new vintage festival we want to revive positive memories of Bangor and use them to create new ones. We hope to reposition Bangor as a modern seaside town, drawing on its unique assets of the seafront, a thriving community of artists and creatives, Victorian architecture, its closeness to Belfast – and most importantly, an appetite among residents for regeneration.

We believe that if local people can connect with their past, they will start talking the town up – a key part of the next chapter.

The presentation will talk more about the project and what we hope to achieve, as well as give people a chance to share some of their memories of Bangor.

Length of presentation: Minimum 15 minutes

Travel time from Bangor: 15 - 20 mile radius

**Mel Walker – Ladies Pamper Nights with Tropic Skincare**

Tropic is a range of natural vegan cruelty free organic skincare, bodycare & make-up products. Over the past year, I've been along to several of the WI meetings around the province to give demonstrations, talks and basically pamper the ladies!

I also have a stand each year at the WI Home and Garden Christmas Event, most recently in the Armagh City Hotel.

My talks to groups comprise of a really lovely, interactive and very informative night, which is always very much enjoyed by everyone - young and old!

(There is no charge for my service - as I feel it is extremely important that everyone is aware of how best to protect and nourish their skin.)

My name is Sharon McNulty and I am the founder of Serenity Sparks Joy and the only KonMari™ Consultant in Northern Ireland. I travel throughout Northern Ireland helping clients KonMari™ their homes and businesses.

I also hold workshops where I speak to audiences and groups. My workshops last approximately 2 hours. I go through the whole KonMari™ concept so that those who want can start their own journey. I then have a Q&A session and usually finish it off with the folding session. I like to make this interactive as it's easier to grasp when everyone gets a chance to try it out.

I would be thrilled to speak at one of your meetings and welcome your enquiry.

With gratitude,

Sharon McNulty  
*Serenity Sparks Joy*

**What is KonMari™?**

Most of us have too much stuff and we don't know where to start in order to reduce the amount. Clients tell me:

- they spend precious time searching for items each day,
- they often re-buy what they already have
- Their home never stays tidy or
- They squeeze their clothes into the wardrobe yet they never have anything to wear!

The KonMari™ method is different, you will only ever have to tidy once in your lifetime!! When you complete your KonMari™ tidying in its entirety, you won't revert to clutter,

We tidy by category and not location and, we keep only those items that spark joy and discard the rest. As a KonMari™ Consultant I support clients in achieving a home that is tidy, where they know where everything is and that is filled only with items that spark joy.

As a result of KonMari™, clients' businesses are streamlined leading to increased productivity; their homes filled only with items that spark joy and, they will have more time to enjoy with family and friends.

KonMari™ is not about getting rid of everything or having a home that looks like a catalogue, it's about cherishing the things that make you happy and creating a serene home that you love to come home to.

**Dr John Coulter – Journalist – Presentation on various historical events I have covered!**

My name is Dr John Coulter and I am very keen to give talks to WI groups. I have been a journalist since 1978 covering the situation in Ireland, north and south. I am also a lecturer in journalism, specialising in media law and ethics. I can give talks on the role of a reporter during The Troubles, as I have covered many poignant events in history. I am available to speak at WI meetings in counties Antrim, Armagh and Down.

**Eunan Duffy (Adoptee & Campaigner) – Presentation on Historical Institutional Abuse**

I am keen to speak to your organisation at various locations if possible as I travel around the country in an attempt to raise awareness and highlight the vast array of historical, social, political and moral issues regarding the former Mother & Baby/ Magdalen type institutions that existed here in the North for over 100 years but are less commonly known in comparison to the Republic of Ireland which has witnessed significant publicity particularly over the last 15 years.

Ongoing regular revelations of historical human-rights abuses and crimes including: forced & illegal adoptions; harsh maltreatment; involuntary detention; forced unpaid labour; little and/or no ante and postnatal medical/maternity care; poor and severe working and living conditions; inhuman burial practises & mass graves; sexual/physical/emotional abuse; solitary confinement; draconian punitive measures; non-consensual subjection to drug & vaccine trials; coerced child migration and trafficking have led to various questionable State Inquiries and Commissions of Investigations most notably in the Republic. The North has unfortunately been largely ignored and neglected by the government, media, political parties. The institutions in question were owned and ran predominantly by the Catholic and Protestant denominational Churches but also by Barnados and The Salvation Army along with private agencies. Referrals to the institutions were made by social services, district courts, police GPs, solicitors, clergymen and family.

Girls and women ages ranging from maybe 10 years to 80 years of age lived, worked and sometimes remained in these institutions till their death and they not only housed pregnant and unmarried girls and women but also those afflicted with physical and mental disabilities, the destitute & homeless, and addicts. The last institution closed in the North in 1994, not too far in our past.

I am an adoptee, campaigner and advocate of the issues for the last 3 years and have met many of the prominent MLAs at the former Stormont Assembly in attempt to seek truth, justice, disclosure and redress for victims and survivors of all whom remain traumatised, victimised, marginalised and endure perpetual pain and suffering as consequences of their past but ongoing treatment and experiences. The defunct Stormont Executive has failed to recognise these vulnerable people by facilitating a human rights-based, full, transparent, urgent and comprehensive investigation whilst harbouring the truth, responsibility and compliance which the State denies for its part in the litany of crimes and abuses. People must be educated and told the truth of our shocking past and present and I would be obliged to impart my knowledge and experience on those willing to listen.

My aim is to reach out to and raise awareness to as many as possible, so I can travel to groups anywhere in the province.

**Rosemary Doherty – My Uncle's Story.**

My name is Rosemary Doherty and I would like to present to WI groups. The talk is about my uncle who was a Chaplain in World War II. I published his autobiography called 'Rest and Be Thankful'. He was part of the Liberation Forces at Belsen and I will be able to show you two artefacts from there. He was a missionary priest from Clonard and led a most fascinating life. His family (Mageean) are from County Down. The book has been published by Colourpoint and has had many excellent reviews.

My talk is a PowerPoint presentation lasting about 45 minutes / 1 hour. I also give a couple of readings from the book.

**John Byrne – Signability – Tea Towel Presentation**

I would be interested in delivering presentations to WI members on the production of tea towels from Northern Ireland in the late 70 / early 80s when I worked as a designer for Lamonts. I have previously carried out this presentation in a few Nursing Homes and for the Alzheimer branch in Newtownards, all were received positively. I have a collection of artwork to display along with the presentation. Distance is no problem, I can travel anywhere in the province.

This is a visual presentation where the audience can and will be encouraged to interact throughout and at the end will have an opportunity to study the designs up close. The talk will detail the process of how initial ideas and designs submitted from the client are transferred onto paper, prior to being sent to the factory for printing.

*The presentation will be as follows:*

- Stage one amalgamates the photos and information received from the client and then a pencil sketch / layout of their ideas is produced. The design is then returned to the client for their initial approval
- Once the design has been initially agreed and returned to myself and any changes (if any) implemented. The next stage involves producing a full colour design and it needs to be agreed again with the customer
- Once the final design is agreed and approved, the design is ready to be broken down into its individual colours and then transferred on to silk screens to where it is then sent to the factory for printing

Q&A will be welcome and encourage during and throughout presentation.

*These are examples of original hand painted designs for towels completed in the late 70s early 80s:*

**Pamela Gunn (Ulster American Folk Park) - Historical presentation entitled 'Rebecca Mellon, Woman, Wife and Mother to a Banking Dynasty'**

My name is Pamela Gunn and I am a costumed Interpreter at the Ulster American Folk Park in Omagh, Co. Tyrone! I recently completed and delivered a 40-minute talk on Rebecca Mellon, the mother of Thomas Mellon whose original house we have in the Folk Park museum. I was lucky to be a speaker at the Ulster American Symposium in June out in Toronto and the talk was very well received. Since I returned, I have given the chat at Baronscourt WI and the West Tyrone Historical society.

The title is 'Rebecca Mellon, Woman, Wife and Mother to a Banking Dynasty' and the synopsis is as follows:

On the banks of the River Strule in Omagh, Co. Tyrone there is an old thatched farmhouse. Built in 1810, it is the childhood home of American Banker Thomas Mellon and the centrepiece of one of the best museums in Northern Ireland, the Ulster American Folk Park.

This home comes with many stories, mostly about the man who was born there in 1813. But in this story, it is his mother, Rebecca, who we hear about. A woman and mother who, thanks to her unwavering love and support, made it possible for this home to mean so much to so many people after 200 years.

This is the history from a woman's perspective, the wonderful untold story of Rebecca Mellon. My fee is £50 plus travel (depending in distance and totally negotiable) and I will travel to anywhere in Northern Ireland. I am eager to share this wonderful story as far and wide as I can, and so far people are really responding to it!

If you need any more information, please do not hesitate to contact me.

**Yvonne & Jocelyn. Orchid Lingerie & The Lingerie Room – The importance of bra fitting**

Orchid Lingerie & The Lingerie room are 2 independent lingerie boutiques. They are owned and managed by mother and daughter Yvonne Mcfarland and Jocelyn Reynolds. Our stores offer beautiful collections of lingerie, nightwear and swimwear with hosiery and shapewear to compliment outerwear. In lingerie, we offer everything from the very practical to the very pretty with sizes for all. We stock an excellent range of specialist lingerie for breast care, mastectomy, maternity, sportswear and bridal. With an expert team of bra fitters instore, we aim to not only fit women properly but also educate them in the importance of wearing a properly fitting bra.

With as many as 80% of women wearing the wrong bra size, our talk aims to educate ladies of the importance of wearing the correct bra size. During the event, we firstly explain the key points of how a bra should fit and secondly, we explain how finding the right style of bra for your shape is equally as important as the correct fit. We will provide samples of lingerie to explain how the garments are made to offer high levels of support while still maintaining their femininity as well as explaining some of the many different styles of bras and what clothes they are best suited underneath. With our fun and interesting talk, we feel we are empowering women to find choices for lingerie in all sizes, and helping them find confidence in their shape.

**Rural Support**

Rural Support provides a listening and signposting service to farming and rural families across Northern Ireland through its helpline. We help callers with issues such as financial pressures, succession planning issues, technical/farming queries, mental and physical health concerns. Rural Support volunteers and mentors can also provide face to face support to help callers experiencing challenging circumstances. We would be able to visit any WI group in Northern Ireland and our presentation would focus on our services, the ways in which Rural Support can help someone and stress awareness – the causes of stress, signs of stress, impact of stress and ways of managing stress.

**Louise Millsopp, Department of Agriculture, Environment and Rural Affairs (DAERA) - Farm Safety Presentations**

I represent the Department of Agriculture, Environment and Rural Affairs (DAERA) on the Farm Safety Partnership (FSP). The FSP was established in May 2012 and members comprise from the Health & Safety Executive NI, DAERA, Ulster Farmers Union, NFU Mutual, the Young farmers Clubs of Ulster and NI Agricultural Producers Association. Since its formation, the FSP has undertaken two Action Plans designed to work closely with the farming community to develop a culture of safety-first on our farms. The third Action Plan (2017 -2020) was launched in September 2017.

Throughout the course of this Action Plan, as with previous Plans, the partnership will continue to highlight the four main causes of fatal accidents - Slurry, Animals, Falls, and Equipment (SAFE) and promote the need for farmers and their families to stay vigilant and take those next steps towards safer farms and practices. Additionally this plan aims to actively address issues which cause serious non-fatal incidents and common causes of work related ill health and reduce their effects within the sector. The third plan has four key areas of work – information and promotion, training and research, children and young people and developing change. Each area has targeted objectives with measurable outcomes.

I am keen to talk to WI groups and increase awareness of Health and Safety on the farm. Coming from a farm myself, I know the influence that many of our women in agriculture can have in reinforcing the ‘stay safe’ messages and know that some of your Institutes are based in rural areas. The FSP would be interested in providing Institutes across NI with the opportunity of availing of one of its H&S advisers/ambassadors to address the group on various farm safety issues.

**Aideen McCanny - Apex Clinic – Spinal Matters & Fitness/Flexibility Presentations 2018-19**

My name is Aideen and I look after the PR & Marketing for, Apex Clinic, Belfast, which is Ireland's leading physiotherapy and sports injury clinic. With services including physiotherapy, chiropody, sports massage and headache treatment, Apex Clinic is a one-stop solution for combating aches and pains. We believe that the cure for pain isn't painkillers and that too many people accept living with pain when they shouldn't.

We were delighted to provide you with physiotherapy talks in the past and hope that you will take the chance to avail of another in 2018 – 2019.

We would like to offer you the choice of two talks, choosing whichever is most suitable for your audience:

The first is: '**Spinal Matters: How to keep your spine pain free and nimble for the future**'. It's fun and informative with plenty of top tips, practical advice and a few exercises to keep neck, upper & lower back pain free and healthy for the future.

Or the second option is: '**Don't let too many birthdays hinder your fitness, flexibility and tone**'. We would relish the opportunity to share with your members some great advice on keeping active and flexible by discussing ways to improve the tone of our muscles and improve balance for sports, walking and preventing falls.

These **hour-long talks** will be delivered by one of our spinal physiotherapy specialists. There is no speakers fee for this and we would also be more than happy to provide you with half price Chiropody vouchers for those in attendance. We are delighted to offer yearly talks, with groups rebooking us for the next year. The topic of our talk is changed each time, tailored to each specific group and our aim is always to make it fun and informative.

If you would like any further information or to discuss further, I can be reached via my email or on the number below. I look forward to hearing from you...

**Prima Linea Therapy**

We are keen to deliver talks to all WIs across Northern Ireland. This offer is totally free of charge, without a hidden agenda. We are members of the Kindness Foundation and as such we seek out opportunities to altruistically support the objectives of our work, which are to encourage self-help, build awareness, impart skills and support individual growth. Prima Linea Training associates work mostly within the field of healthcare and are exceptionally experienced in delivering creative, unique and highly evaluated awareness, training and self-help sessions (primarily to women) covering a number of topics such as:

- Dealing creatively with anxiety, stress and worry.*
- Believing in yourself & building self confidence*
- Getting up, getting on and keeping going – becoming resilient*
- Designing your personal motivation plan – what works for you and why*
- Dealing with conflict in any situation*
- Learning unique NLP (neuro linguistic programming) skills and tips to aid your personal communication style*
- Public speaking without fear – insider tips from an experienced actor*
- Between a rock and a hard place – practical mediation skills to use at work or at home*

We would be offering the services of our lead trainer, Dr Valentina McGarrell, who is an exceptionally highly regarded speaker, whose sessions always produce a great deal of interaction, thought and laughter, as well as dealing with the nub of the subject.

**Judith Byrne, Chair of Northern Ireland Assistance Dogs**

We are a small NI charity (Reg No NIC100290) that trains Diabetes Alert Dogs for people who have lost their 'hypo awareness'. Part of our charitable status is education and we do short talks about our dogs to groups ranging from Scouts & Brownies to adult community groups and everyone in between. We are based in Ballymena & Belfast but we can travel to most parts of NI. We would be happy to come along and talk to them and perhaps you could put our details in your magazine. We may even be able to come at short notice if a previously booked presenter is unable to attend. We can be contacted by email: **niassistancedogs@hotmail.co.uk**

or by PM on Facebook. (We are all volunteers and most have jobs too).

**The Walled Garden *at* Helen's Bay**

**David Love Cameron – A Year of Heritage Gardening at Le Manoir aux Quat'Saisons**

I am the Head Gardener at 'The Walled Garden Helen's Bay', an ongoing restoration of an historic County Down garden to a productive market garden. In 2013 I was awarded the 'Raymond Blanc National Heritage Garden Scholarship' and worked for a year with Raymond and his garden team at his Oxfordshire hotel and restaurant Le Manoir aux Quat'Saisons. We worked closely with the charity 'Garden Organic', building a new 'Heritage Garden' which was designed to showcase the wonderful collection of Garden Organic's Heritage Seed Library. It was a fascinating project with many highlights including working in Raymond's famous kitchen, discovering and saving a rare Northern Irish pea variety and showing the Prince of Wales our work. I have put together, I hope, an informative and entertaining presentation about the project and my experience as Raymond's gardener with glimpses behind-the-scenes glimpses of Le Manoir's kitchens and gardens and I explore the importance of preserving our old and unusual vegetable varieties. I normally charge between £75 & £125 for the talk, depending on the size and location of the group and I can travel anywhere in Northern Ireland. If any Institutes are interested in my talk please do let me know and I will be pleased to make arrangements...

**Debbie Wilson - BodyTalk, An Alternative Therapy**

Hello, I am interested in speaking for your WI groups. I am based in Downpatrick and so can travel mainly around the County Down Institutes. I practice an alternative therapy called BodyTalk which is an energy medicine and was developed in the 1990s by Australian acupuncturist and chiropractor Dr John Veltheim. His extensive studies of the different healing systems and philosophies of the world led him to create the BodyTalk System, taking the most fundamental principles from each and using them to create a truly holistic, all-encompassing system capable of treating a huge range of conditions. BodyTalk, unlike conventional medicine, works on what caused the symptoms in the first place and so creates and maintains true health in the body.

### **War On Want Northern Ireland**

I am contacting a few different groups such as yourselves to find out whether you might be interested in booking one of our vintage fashion shows as entertainment for your centre or perhaps hosting a free presentation on the work of War on Want NI with specific regards to women's development. Our '**Glimpse into the Past**' show, presents styles from 1840-1919. More than just a fashion show it's a glimpse into the lives and times of men and woman from that era, using an unmatched collection of period costumes, the players bring a colourful cast of characters to life during this two hour fun packed show. With over 20 costumes, funny sketches and entertaining historical insights this outstanding show is a hit wherever it appears! Or you can experience the fashions of the 1920's through to the late 30's through the '**The Flappers Show**'. Experience the Roaring Twenties for yourself as you enjoy the sights and sounds from a bygone era. The show opens with the models dancing the Charleston whilst showcasing the fashion from the 20's and 30's, so prepare yourself to be transported back in time listening to music from the 1920's and experiencing the fashions of that era. By hiring one of our shows put together by a dedicated team of War on Want NI volunteers, you could raise money for your organization, solve your entertainment challenges and have a good time all while supporting some of the poorest people in Uganda and Malawi.

### **As an alternative to hiring one of our shows your group may be interested in a free talk we present:**

We are offering a number of presentations in the community to interested groups in order to highlight the reality of women's lives overseas and to highlight the work we as a charity are doing to advance women's equality and participation in society. We have **a special interest in the experience of women** as they are among the most susceptible to psychological, physical, social and economic vulnerability. Our mission is to ensure that the world's poorest communities have access to the resources they need to achieve their full potential and work their way out of poverty. **Our work builds the capacity of women, young people and other vulnerable people, living in the poorest rural areas to take charge of their economic development and ensures that their needs and issues are listened to and addressed.** Our projects tackle many issues that require a holistic response. Sometimes women in the groups we support can be initially reluctant or nervous when taking on leadership roles in their groups. **We work with them, and their co-members, to make sure they are supported and encouraged,** and receive the right training to build their confidence and knowledge. All group members develop skills in good leadership, fair decision making, relevant advocacy actions and transparent record keeping so that they contribute positively to the development of their communities.

As we work with groups, women's voices become stronger, they act as role models for others and encourage more women to join. Their contribution is taken seriously by the male members and they are often the one driving the group forward. These changes in attitudes and behaviour are sometimes incredibly subtle, other times they are as plain to see as women no longer taking their traditional position on the floor in meetings, but sitting side by side with the men, their equal partners in their development journey. Through our sustainable income programmes women and other vulnerable people, gain practical skills in farming and 'farming as a business'. **Our projects are not 'one size fits all'**. We know different groups and individuals face different challenges. We work with the groups to develop a plan that will meet their immediate needs and **lay the foundation for a future free from poverty.** Group members are taught how to best use the resources available to them (land, crops, livestock, skills) to **create dependable and diversified sources of income** for their families. This reduces their vulnerability to emergencies such as drought, flood, market changes or personal/family illness.

### **Vets4Pets**

We would like to introduce ourselves to your organisation, Vets4Pets Ballymena is a small animal veterinary practice located in Pets At Home, Ballymena. The practice is owned and ran by myself, Mary Davey, a Ballymena woman born and bred. We regularly do voluntary work with local schools and youth groups around various topics such as explaining our day to day job, educational talks on the basic care of common pets and on animal welfare. We also give tours of our clinic to allow that 'behind the scenes access' to what goes on when your pet is admitted for veterinary care. We were wondering if this is something that would interest your members. Other topics that we thought may be of interest to your members were 'My pet ..... does he/she need to see a vet?', 'Basic first aid for pets' or 'There's a stray cat/ten feral cats in my garden - what do I do?'

If any of this is of any interest to you or there are any other topics/events you'd like to suggest feel free to contact me: Mary Davey MRCVS Phone: 02825 640491 Email: ballymena@vets4pets.com

**Simon Doherty (Send a Cow)**

My Mum is a member of Moneyrea WI and showed me a copy of the brilliant *Ulster Countrywoman* magazine, containing some information on potential speakers for Institutes. I would imagine that many Institutes will be thinking about their programme for the new WI season at this time and it would be good to get a few talks set up - I have spoken at Gleno WI, which was a great night, and I think that Mum will try to get me a slot at Moneyreagh too! I am an Ambassador and Trustee of the livestock development charity, *Send a Cow*. I have delivered presentations on the work of the charity to schools, churches and community groups - including, as I've said, the WI. I vary my talks depending on the audience and include material from my own visits to Africa. Particularly in rural areas, audiences tend to be interested in my involvement as a veterinary surgeon. I would be happy for you to contact Gleno WI if you would like some feedback on my recent talk there.

**Cats Protection**

Free talks on pet ownership, neutering and education will be discussed, as well as the many facets of the Belfast Cats Protections Adoption Centre. We hope to take our message out to the wider public domain in order to go some way in preventing unwanted cats and kittens in the future and help provide a better understanding of cat behaviour and also perhaps help towards the bigger problem of helping to prevent cat cruelty which comes in many forms and is not always the worst case scenario. Cats Protection Belfast Adoption Centre is one of 30 UK based feline only charities and we are the only Cats Protection in Northern Ireland. We currently are home to some 100 unwanted or stray animals and we never put a healthy animal down, so they stay with us until a suitable home is found. All I ask is that the ladies of the Women's Institute give some considerations to having us along for an interesting and informative talks.

### **Second Bloom**

We are Sharon Francey and Eleanor Graham, collectively known as “Second Bloom”. We are based in Doagh, Co. Antrim. We make handbags out of recycled clothes and household fabrics that would otherwise be discarded. In doing so we support local charity shops, attend fundraising events such as craft fairs and hopefully we make a tiny difference to our planet by reducing clothes wastage as well.

Our repertoire includes:

- An introduction outlining how we started our project
- An informative look at “Handbags Through the Ages”
- A look at textile recycling statistics in the UK
- A demonstration of our bags describing how they were made.
- An opportunity to design your own bag or purchase from our existing stock

Please contact us to discuss – Sharon 07876 052224, Eleanor 07711 625701 or email us at [secondbloom@btinternet.com](mailto:secondbloom@btinternet.com)

### **MACS**

MACS is a Northern Irish charity that supports 16 to 25 year olds who are homeless, are care experienced, have mental health issues or they need help and support. We provide young people with a place to live for up to two years, and offer a range of programmes to build their confidence, make more positive choices or get involved in training or educational opportunities. I would be willing to travel anywhere in Northern Ireland, though our projects are in Down, Newry, Lisburn and Belfast. I would be available to talk about MACS, the problems that the young people face, some of the reasons why they find themselves in such a dire situation and how we help.

**Greer and Maureen Lowe**

Greer and Maureen Lowe have links with Klong Toey Handicrafts in Bangkok. They have visited Thailand on four occasions, were extremely impressed with an income generation project in the Klong Toey slum and have started to import crafts from this project into Northern Ireland. All of the proceeds from the sale of these items goes back to Bangkok to support needy families. The project was started by an Australian couple who have lived, with their children, in the slum for the past eleven years helping local people with their day to day problems. What they are doing is truly remarkable and has made a big impact on living conditions in the slum. Greer and Maureen will bring the jewellery and other craft items to your meeting, speak about the work, show some photos and video clips and invite questions. No remuneration is expected but the very attractive jewellery and craft items may be purchased to support the work in Bangkok.

**Remembering Richard Hayward**

On the 50th anniversary of his death, this presentation looks back on the life and times of Richard Hayward – one of Ireland’s best loved celebrities from the middle years of the 20th century. Richard Hayward also gave talks to the WI in the 1950s and early 1960s - some members may even remember him. Hayward was a writer, actor, singer and broadcaster who travelled all over Ireland. He appeared in the first black and white Irish films in the 1930s and drove around the country recording folklore, heritage and stories for his travel books. The evening includes a forty-five minute slideshow and some of his most celebrated traditional Irish folksongs will also be played.

**Betty Fiddes - Project Linus UK**

Betty will discuss the great work carried out by the Linus Project. The Project was started in America when the founder made a quilt as a gift for the son of a friend who was diagnosed with cancer. Since then the Project has provided quilts for children of all ages. The idea of providing the children with something personal when they are ill has spread to the UK. It was through her love of needlework that Betty became involved and in 2000 when she was asked to set up a branch in Northern Ireland. Although Project Linus was predominately involved in the supply of quilts their range of items now include hats, matinee jackets, bootees and hand knit blankets for premature babies and well as larger knitted and crocheted blankets for sufferers of Alzheimer's. Quilts which have been decorated with sequins or other embellishments which may prove hazardous to patients are used as wall hangings and decorate family rooms provided by the hospitals. Since the Project started in Northern Ireland over 5000 items have been supplied to Altnagalvin Hospital, Tiny Life, RVH Cancer Unit, Craigavon Area Hospital, Daisy Hill Hospital, Musgrave and Meadowlands.

**Sharon Dickson – Memories of the Belfast Blitz**

Sharon Dickson delivers a fascinating monologue entitled '*Memories of the Belfast Blitz*'. She really gets into the spirit of the character, arriving dressed in vintage attire. She tells the story of hiding in the Castlereagh Hills as a child following the bombing of Belfast and discusses the damage done to homes and buildings. She then vividly describes being evacuated to the countryside and later speaks of the end of the war and the celebrations around the Albert Clock. An enthralling presentation!

**Kirsten Crothers BSc Hons, Specialist Dietitian - The Food Treatment Clinic LTD.**

Hi, I am a Specialist Gastroenterology Dietitian and Managing Director of The Food Treatment Clinic in Belfast. I work with individuals to improve their gut health with conditions such as Coeliac Disease, Chrons Disease, IBS and heartburn. I also work to improve gut health in the more common general symptoms such as constipation, diarrhoea, bloating, stomach pain and excess gas. Unlike others working in the nutrition industry, dietitians are medically recognise, so we can give trustworthy, gold standard advice which is based on real science. I would love to come and give a presentation to the ladies of the WI which will cover gut health in general as well as those symptoms described above. I will also look to be providing all delegates with handouts that they can take away and use.

**Thomas Jobling (Author) – Books & Boats, Illustrated Presentation**

Hello, would any WI branches be interested in hosting my 'one man show' - **BOOKS & BOATS?**

I will deliver an illustrated talk of some 45 minutes - it's a 'meet the author and book signing event'. Throughout the 'show', I yarn about my various exploits afloat recounting tales from my days of nautical scribing, as well as narrating my journey from competitive sailor into the world of nautical fiction writing. I also run a PowerPoint and read from my books, I've travelled to venues, north and south, to deliver the BOOK & BOATS talk and whilst most of these have had a maritime connection, I'd love to expand further into the mainstream of novel 'reading'. I am self-sufficient, having a projector, PA system, etc!

So, have a wee look at my website, **www.tnjobling.com** or, follow me on Facebook to get a flavour of what's on offer.

***Jessica Murray - Patient and Client Council***

My name is Jessica Murray and I work for the Patient and Client Council. The Patient and Client Council (PCC) is a statutory organisation set up in 2009 to promote the voice of patients, clients, carers and communities in health and social care(HSC) decision making. In addition to this, we also provide a complaints support service and work to ensure that the public have access to quality information and advice about health and social care services in Northern Ireland further information can be found at [www.patientclientcouncil.hscni.net](http://www.patientclientcouncil.hscni.net)

My role is to involve the South Eastern area in the work we do. I can come out to groups to give a short presentation on the work of the PCC, give members the opportunity to ask us questions about the Patient and Client Council and give us any views/experiences they may have on the Health Service. For example I can make members aware of the hope of greater service user involvement in Health and Social Care planning and how people can becoming involved in this developing idea of 'Co-production'. This is where service users are as equally involved in the planning and commissioning of HSC services as the service providers. The PCC want to be able to facilitate this to happen and so we speak to community groups to gather interest & ideas/comments. With the wide reach that the WI has throughout NI, we find it so valuable to hear the voices of the women involved in your organisation.

As stated above, I cover the South Eastern Trust area which incorporates Lisburn, Down, North Down and Ards. However, the organisation covers the whole of NI and there are officers in each trust area.

I would be very keen to visit visiting some of your WI Institutes when they resume their programmes in September 2017 to Summer 2018.

**Caroline Redmond – Irish Feast**

I am Caroline Redmond, founder and main tour guide for *Irish Feast* - a small company specialising in walking food tours, unusual supper clubs, and providing an extra 'foodie' element to local festivals.

The talks I give are all about food in Ireland - its history, heritage, importance and diversity, especially about how exciting it is in Northern Ireland right now and where our future in food might lie. The main points are *Buy Local, Eat Local, Support Local, Love Local* and how one might do that without breaking the bank or eating stuff you've never heard of.

My style is light-hearted and fun whilst being educational and wide ranging - I enjoy people's laughter and engagement and firmly believe that our food culture today is of interest to us all from the person simply getting their family fed as healthily and cheaply as possible to the fanatic foodie who is into all things 'artisan'.

**Mandy McClean – Magnetix Jewellery**

Hi, my name is Mandy McClean and I sell magnetic jewellery which helps with aches, pains, stress, anxiety and lots more. Magnetix Jewellery has been sold in Northern Ireland now for 1½ years and it has gone from strength to strength in that short time. It is made in Germany so is very well finished and it is decorative as well as helpful for most health conditions.

I bought my first bracelet in December 2016 as I had tennis elbow. We are all cynical, as was I, but I picked a bracelet with a paw print, as my dogs are close to my heart. Within 2 days, my tennis elbow pain was completely gone! I then started to sell the jewellery as I wanted other people to experience being pain free. I have found that it works for 95% of people and there is no explanation as to why it does not work for everyone.

The simple explanation as to how the magnets help with pain relief, insomnia, depression, anxiety and many more, are that the magnets increase your bodies blood flow which increases its circulation around the body, thus proving relief. Magnetix Wellness jewellery comes in a range of products, insoles, power hearts, earrings, rings, bracelets, necklaces and water therapy products.

I would love to give a talk to any of your groups who would like to have me as a speaker. I live in Portrush but I am happy to travel to most areas.

**Sarah Trimble – Nutritional Therapist (Framar Health)**

Hi ladies, my name is Sarah Trimble and I am a nutritional therapist with a practice based at Framar Health, Belfast. I give advice on the role of diet and lifestyle in supporting both general health and wellness, and addressing specific health concerns. Female health is a specific area of interest for me and I often hold lectures and seminars around Belfast (and further afield) educating and advising women on how to support their health nutritionally.

I would be very keen to deliver presentations to WI groups. My seminars cover a range of topics including:

- ***Female hormone balance and menopause***
- ***Stress and insomnia***
- ***Bone health, Osteoporosis and vitamin D deficiency in Northern Ireland***

I really enjoy spreading the word of the importance of good nutrition in health and these lectures/seminars also provide me with an opportunity to promote my practice. If you would be interested in me coming to speak to your Institute/Area I would love to hear from you. Please get in touch:

**Brian Wisdom – Thought-Provoking Scientific Presentations on Genetics / Inheritance / DNA / Evolution**

Hello, my name is Brian Wisdom. I retired from the QUB academic staff some years ago and since then I've been involved in STEM (science-technology-engineering-maths) initiatives, i.e.) talks in schools and extra-mural courses (currently at Stranmillis College). The subjects I cover *are Genetics, Inheritance, DNA and Evolution* and I attempt to convey the latest scientific findings to the layperson. I would be keen to share my knowledge by giving talks to WI groups.

Talks that I have given recently are: *'Where do the Northern Irish come from?' and 'The Northern Irish and the Neanderthals: our cousins or our ancestors?'*. I don't know if this sort of thing would have much appeal but I thought I'd ask.

(One thing I should mention: I prefer to use Powerpoint slides with the talk for an illustrated presentation so that requires a PC/laptop, projector and screen. However, I can still give talks without the visuals)

**Mary Dickson – 'History and Meaning Nursery Rhymes' Presentation**

Hi, my name is Mary and I would like to deliver talks entitled *'History and Meaning of Nursery Rhymes'*. My presentations would consist of a poster, display, quiz with small 'prize' and information about the history and meaning of approximately 12 nursery rhymes (or more depending on how long talk is required to be). For travel purposes, I am limited to presenting to WI groups mainly in and around the greater Belfast area.

For more information please give me a call on my mobile number: **07908 013 398**

Or drop me an email: **marydickson630@gmail.com**

**British Red Cross Presentations**

The British Red Cross has been in existence for 150 years and has 189 groups across the world. There are 600 volunteers in Northern Ireland and 94 staff. These presentations outline the history of the organisation and offer a great insight into the work that it carries out, focusing particularly on the work it does throughout Northern Ireland.

For more information or to book a speaker, please telephone the Belfast office: **028 90 735 350**

**Anne Mullan - Forever Living Aloe Vera**

Hi, my name is Anne Mullan and I am a *Forever Living* business owner. I live in Crossgar, Co. Down and I would be interested in reaching out to WI groups in Co. Down, Co. Antrim and Co. Armagh with the hope of delivering presentations at their monthly meetings on the benefits of Aloe Vera and showcase our Forever Living Aloe Vera products. I am also able attend open days and fundraising events and would be willing to donate 15% of all sales to the WI or the cause for which the event is being held.

If you would like more information or wish to book a talk, please don't hesitate to contact me:

**Esther Morrow – Tropic Skincare Ambassador**

Hello, my name is Esther Morrow and I am an Ambassador for Tropic skincare. Tropic skincare is chemical free, vegan and cruelty free. It's 100% naturally derived. We have skincare, body care, makeup and just recently have launched haircare and sun range. I would love the opportunity to come and share the Tropic story with WI ladies, as well as showcase the benefits of the products and let them sample them. I live in Hillsborough and my girls attend Victoria Prep down the Lisburn Road, however, I would happily travel anywhere in Northern Ireland and to as many events as you would like.

My telephone number is: **07391 488 030**

*Thank you for reading this and hope to hear from you soon!*
